

Dear Editor/Publishers

Greetings from I2OR!

Apropos the subject cited above, this is to be intimated you that **International Institute of Organized Research (I2OR)** provides a much desired platform for Researchers, Editors, Publishers and Conference Organizers through its exclusive services viz. Indexing of Research Journals, Listing of National/International Conferences and Quality Research serial publications. I2OR also evaluates **Publication Impact Factor (PIF)** to set a bench mark for the quality of Serial publications around the world. **4000+ Journals** has already been indexed in I2OR and many have been awarded PIF successfully.

In reference to the above, our evaluation team has evaluated your journal and calculated a possible range of PIF your Journal can score as per details given below.

JOURNAL: DIYALA JOURNAL FOR PURE SCIENCES

PIF RANGE : 2.050 to 2.350

If you want your Journal to be Indexed and get PIF with the range specified above, you can make an official request so that the requisite details to pursue the same may be communicated to you to receive the **I2OR Certification for PIF-2015** with the exact value of PIF which will be published on our site at the following link.
