

Curriculum vitae

Full Name	Khalid Shaalan Sahab Jasim		
Date of Birth	1970		
Social Status	married		
E-mail	Khalidshaalan1970@yahoo.com		
Mobile	07735171306		
Academic Achievement	Ph.D.		
The scientific Title	Assistant professor		
Scientific Department	Chemistry		
BSC	University of Baghdad/ College of Science	Year	1993
Masters	University of Mustansiriyah/ college of science	Year	2004
PhD	Tikrit University /College of Education	Year	2014
Workplace	University of Diyala/ College of Science		
Research areas	Biochemistry, Clinical chemistry, Organic chemistry		
Research's	<ol style="list-style-type: none"> 1- Study the Changes of Prolactin, Thyroid Hormones and Lipid Profiles during Three Stages of Pregnancy 2- Preparation of High Concentrations of Trivalent Uranium by Acid Control and Studying It's Stability 3- Role of Fas/Fas ligand pathway in a sample of Iraqi diabetic foot patients 4- Role of Osteoprtegerin levels in a sample of Iraqi diabetic foot patients 5- The Use of Plasma Apelin Alteration in Diagnosis of Atherosclerosis 6- Alteration of Prolactin, Thyroid Hormones and Lipid Profiles during Three Stages of Pregnancy 7- Relationship between Smoking and Concentrations of Some Biochemical Parameters in Blood of Young Smokers 8- Relation of Homocysteine with Malondialdehyde and Dyslipidemia in Type 2 Diabetic Patients with Coronary Artery Diseases 9- The Improvements in the Prolactin, Thyroid Hormones and Lipid Profiles that are Observed During Three Pregnancy Periods. 10- Detection levels of FBS, HbA1c and lipid profile in patients with polycystic ovary syndrome in Diyala province, biochemical and cellular archives, 2022
