

Curriculum vitae

Full Name	Olfat Ahmad mahmood		
Date of Birth	13/9/1979		
Social Status			
E-mail	Olfat@uodiyala.edu.iq		
Mobile	0771693348		
Academic Achievement	PhD in physics		
The scientific Title	Assist.prof		
Scientific Department	Physics		
BSC	Physics	Physics	2001
Masters	Physics	Material	15/9/2005
PhD	Physics	Material	23/9/2015
Workplace	Diyala university /collage of science		
Research areas	Material and solid state		
Research's	Synthesis and Study of Optical Performance and Thermal Conductivity of PVA Polymers Reinforced Different Phases of Titanium Nanoparticles		
	Preparation and investigation of gold nanoparticles by the technique of laser ablation for biological application		
	Effect of Different Multi-Walled Carbon Nanotubes MWCNTs on Mechanical and Physical Properties of Epoxy Nanocomposites		
	study the effect of TiO ₂ nanoparticles on mechanical and thermal properties of epoxy nanocomposite		
	Study the effect of ZnO and ZrO₂on mechanical properties of PMMA polymers		
	Study the effect of ZnO and ZrO₂on physical properties of PMMA polymers		
	<i>Preparation and study the effect of TiO₂on physical properties of polymers nanocomposites.</i>		
Scientific expertise	<i>Occupation & job Description:</i>		

**Ministry of Higher Education
And Scientific Research
University of Diyala
College of Science**
