Masters	Computer Science (2016)	Faculty of Computing and Information	Mansoura University
PhD	--------	----------	----------
Workplace& Research areas	University of Diyala - College of Sciences Computer Networks, Artificial Intelligence, Machine learning		
Research's	Task Scheduling Model in Cloud Computing With the Artificial Gorilla Troops Optimization Algorithm		
	Enhanced Min-Min Task Scheduling Algorithm Based On Load Balancing In Grid Computing		
	Solving Optimization Problem in Face Recognition based on Filtering and Face Position		
	The effect of integration and effectiveness of artificial neural networks on information security tasks		
	An Enhanced Cloud Storage Auditing Approach Using Boneh-Lynn-Shacham's Signature and Automatic Blocker Protocol		
	A Deep Learning Model for Segmentation of COVID-19 Infections Using CT scans		
	Routing Protocols - based Clustering in WSNs		

Curriculum vitae

	Most Appropriate Materials Selection of 13A Plug Casing utilizing CES EduPack
	Computer Vision Based Approach For Food Packaging Inspection
	GPS Data Protecting Using RC6 and ABC Algorithms

Scientific expertise	*Practical Experience:*
	Programming: java , c++, Visual Basic.
	Software: MS Office Suite (Access, Word, Excel, PowerPoint).
	
	Academic Experience:
